Should we not receive all pertinent information, admissions into the program may be delayed.

Directions: Please email or drop off <u>one Annual Family Registration Form</u> (on reverse) for your family and <u>one Participant Information Packet</u> for each participant to:

Registration Forms

Current registration forms that are thoroughly completed are required for participants for all Respite events. In addition, we may require supplemental forms where deemed necessary. These include, but are not limited to, individualized education plans, behavior support plans, individualized treatment plans, seizure management plans, etc. Easterseals Northern California may also request from parents/caregivers a Release of Information to seek additional information from schoolteachers, therapists, etc.

Individuals participating in the Respite Program will be screened to determine the level of care required, and to assess how the staff can best meet the needs of the participant. The level of care assigned will be on a trial basis and is determined by Easterseals Northern California. Should the staff determine that the needs of the participant have changed, a new level of care will be assigned.

Once all of the necessary documentation has been secured and a level of care has been established, an Easterseals Northern California employee will contact you to provide the link for registration through Eventbrite.

Scheduling

Once you have completed the annual registration forms, you are eligible to register for Respite events. One month prior to each scheduled event, all registered families will be emailed a link to register for the upcoming Respite event. Registration will be on a first-come, first-served basis, with the exception of any families who were on a wait list from the previous event who will have the opportunity to register first.

Cancellation Policy

Families must notify ESNorCal by emailing <u>programs@esnorcal.org</u> or calling (510) 910-3333 at least 48 hours prior to the Respite event. Please do not send a child who is sick to a Respite event. Participant should be free of any fever, vomiting, diarrhea, heavy or uncontrollable cough, or pain <u>for at least 24 hours</u> (without the use of fever-reducing medication) to participate in a Respite event.

Behavior Policy and Consultation

In the event that a participant is posing a threat to his or her own safety or to the safety of others while at an event, the Respite staff will request a behavioral consultation from behavior support staff at ESNorCal. Behavior support staff will work with Respite staff to provide behavior recommendations to aid in reducing the target behavior(s). If the participant's behavior does not improve with the assistance of behavioral support, the participant may need to be withdrawn from the Respite program.

Medication Administration

The process for handling and administering medications must be well-structured and carefully followed in order to ensure that the interests of the children and the providers are best served. When possible, a child's parents and physician should try to minimize the need for medication while participating in ESNorCal Respite events. Medicines ordered should normally be given before or after, rather than during, childcare hours. In some cases, however, administration of medications during program hours is unavoidable.

Medical Consent

ESNorCal Respite staff will administer medication only if the parent or legal guardian has provided written consent on the Medication Consent and Log; the medication is available in an original labeled prescription or manufacturer's container that meets the safety check requirements.

Emergency or Crisis Situations

Parents and caregivers are expected to always be available via cell phone while their loved one is with us at a Respite event. If the primary parent or caregiver is not able to be reached, staff will contact the emergency contacts listed on the registration form. If emergency contacts cannot be reached, Easterseals Northern California reserves the right to contact emergency medical help (911) for assistance.

• Crisis or emergencies could include situations such as (but not limited to): fire, late pick up from Respite event, medical concerns, or behavioral concerns.
