

Better Together

SPRING 2022

Hello, Sunshine!

Spring is in the air, and we hope it brings you a renewed sense of growth, optimism and joy. While much has changed over the years, our services have remained a constant source of support for families. For us, 2022 is a year focused on continuing to deliver person-centered care that meets people where they are. Take a look at how our programs have remained a constant in families' lives, thanks to supporters like you.

Autism Services

Kaleidoscope Community Adult Program

Celebrating Community with Kaleidoscope

Our Kaleidoscope Community Adult Program offers incredible programming for our participants. Between learning independent living skills like grocery shopping and money management, making friends, and enjoying recreational activities in the community like golf and horseback riding, our participants are building the various skills and relationships that last a lifetime. Help support the vitality of this person-centered, family-friendly program exploring what the community has to offer! Your contribution today will support the program with more fun and educational activities for our participants.
